

## Funeral plan providers offering discounts to One Life plan holders

One Life Funeral Planning Ltd (One Life) was refused FCA authorisation and went into administration on 2 November 2022.

The firms listed have stepped in to offer One Life customers the ability to take out a discounted instalment funeral plan and, in some cases, 'at need' funerals.

The price you pay for your new funeral plan would be discounted against its current advertised retail price with that provider.

Get in touch with the providers to find out what discount they will offer you.

Providers	Discount and time limit	Website	Contact	At need
